

FOR IMMEDIATE RELEASE

## eTelemetry Welcomes New Chief Operating Officer

*Strengthens corporate focus to serve growing customer base*

Annapolis, MD (February 20, 2008) – eTelemetry, Inc., the leader in extracting real-time business information from network activity, today announced that Shiblee O. Shiblee has joined eTelemetry as Chief Operating Officer. In his role, Shiblee will oversee the company's business operations, sales and marketing activities, technical support, and product engineering.

"Shiblee will be a valuable asset to eTelemetry," said Ermis Sfakiyanudis, President and CEO. "His depth of experience and leadership expertise makes him a strong complement to our executive team, enabling us to successfully execute our business strategies."

Shiblee is a seasoned operations executive with a track record of successful team building and profitable business growth. He draws on more than twenty years of extraordinary cross-functional management experience and a history of increased sales, operating income, market penetration, and customer satisfaction with successful telecommunications key players Ericsson, LCC International, and Tecore Networks.

"I am excited to join eTelemetry's leadership team and have the opportunity to build on the strong foundation set by the company's innovative technology, talented staff, and impressive achievements," said Shiblee. "eTelemetry is uniquely positioned to become a dominant force in IT business intelligence and I look forward to solidifying our market leadership role."

### About eTelemetry

eTelemetry is the leader in extracting real-time business information from network activity. eTelemetry's innovative products tell you everything about the people on your network, answering the who, what, where, when, and how much. By applying its proprietary technology, eTelemetry's award-winning products provide information leading to increased productivity, risk identification, reduced costs, greater network efficiencies, and insights into how people collaborate. Since 2004, eTelemetry has been *Turning Network Traffic into Business Intelligence*<sup>™</sup>. For more information, call +1-888-266-6513 or visit [www.etelemetry.com](http://www.etelemetry.com).
