

FOR IMMEDIATE RELEASE

eTelemetry Reinforces Commitment to Providing E911 Solutions to Current and Future Avaya and Nortel Enterprise Customers

Provider of VoIP phone location discovery technology responds to Avaya's winning bid for Nortel Enterprise Solutions unit

Annapolis, MD (September 15, 2009) – [eTelemetry](#), the leader in extracting real-time business information from network activity, today announced its continued commitment to providing [E911 solutions](#) to current and future Avaya and Nortel customers. As both a partner in Nortel's Developer Program and an Avaya DevConnect partner, eTelemetry can provide a certified VoIP phone location discovery manager to enterprise customers of either vendor with its Locate911™ product.

“Regardless of the change in ownership, E911 is still a challenging compliance and safety issue,” commented Ermis Sfakianudis, president and CEO of eTelemetry. “Avaya's winning bid for Nortel Enterprise relieves the market of uncertainty and provides stability so that organizations can address their E911 needs with confidence. As an Avaya DevConnect partner, we look forward to working with them to provide the best E911 solutions available today.”

eTelemetry's Locate911 provides E911 essential VoIP phone location discovery and is available with On-Site Notification when an emergency call is placed. Locate911 is a plug-and-play appliance that works with Nortel and Avaya as well as with other vendors for reduced risk, improved data accuracy, and greater E911 compliance.

About eTelemetry

eTelemetry is the leader in extracting real-time business information from network activity. eTelemetry's innovative products tell you everything about the people on your network, answering the who, what, where, when, and how much. By applying its proprietary technology, eTelemetry's award-winning products provide information leading to increased productivity, risk identification, reduced costs, greater E911 compliance, improved network efficiencies, and insights into how people collaborate. Since 2004, eTelemetry has been Turning Network Traffic into Business Intelligence™. For more information, call +1-888-266-6513 or visit www.etelemetry.com.
